**Gifting a
starter kit to
enable a child
begin school in
the coming year**

This Christmas I have decided to gift, in your name, a starter kit of basic books to a child living in poverty in Guatemala. The national schools in Guatemala remain closed, which means that many children can't access the online education. Buying them the books they need to study offline will help them begin the school year well.

The Street Kids Direct project in Guatemala works with high-risk children and their families and provides programmes to keep the children from taking to the streets. You can find out more by going to their website: streetkidsdirect.org.uk
