Proving clean water to a vulnerable family

This Christmas I have decided to gift a vulnerable family in Guatemala with a water filter in your name. The family will be able to use any water to fill their filter and enjoy two years of clean, uncontaminated water thanks to you.

The Street Kids Direct project in Guatemala works with high-risk children and their families and provides programmes to keep the children from taking to the streets. You can find out more by going to their website: streetkidsdirect.org.uk
