WHY RADIO CHRISTMAS?

Radio Christmas started in Amersham in 2008 and this year we are celebrating **15 years** of raising funds for at-risk children locally and around the world. Furthermore our local festive radio station has a huge following locally and internationally.

With local churches, schools, youth groups, community groups and local businesses taking part you will be assured of a truly local and very supportive audience.

Local listeners have told us over many years that they prefer to support local businesses that sponsor Radio Christmas and Street Kids Direct, who were founded by local people in Amersham and Chesham.

GREAT FEEDBACK

Radio Christmas was not just fun and very interesting and brought people into our shop. It was great to listen to and we will be supporting again this year

Brian from CHESHAM CAMERAS

Radio Christmas certainly brought customers into my shop and we got a lot more than we paid for.

Terry from TALKING MOBILES

Radio Christmas is incredible, it bought us new leads as well as a way to get involved with the community once more. To anyone thinking of advertising, just do it, it's worth it!
