2. General arrangements

2.1 Accidents, near-miss occurrences and hazardous situations

Radio Christmas has a Health and Safety Accident Book located in the radio studio and all incidents, no matter how small, must be recorded as soon as possible after the incident. The incident should also be reported to the Health and Safety Officer or in his absence to the Station Manager. In addition to reporting accidents it is equally important to report near misses and potential hazards so as to enable preventative action to be taken before it is too late. Once an incident has been recorded in the Accident Book the Sheet must be removed and stored separately.

It is the responsibility of the Health and Safety Officer to ensure that any necessary follow up action is taken to reduce the risk of the accident or near accident reoccurring.

The Health and Safety Officer is responsible for reporting incidents which come within the Reporting of Injuries, Diseases & Dangerous Occurrences Regulations (RIDDOR), to the Health and Safety Executive. RIDDOR covers the following incidents:

- (a) fatal accidents
- (b) major injury accidents/conditions
- (c) dangerous occurrences
- (d) accidents causing more than 7 days incapacity for work
- (e) certain work-related diseases.

A First Aid kit is available the Radio Christmas studio.

2.2 General fire safety

Health and Safety Officer is responsible for the maintenance of the firefighting equipment and the arrangement of regular fire safety checks and fire drills. The Health and Safety Officer also undertakes a Fire Risk Assessment for the building.

All staff must also read and understand the Fire Procedure. A fire notice is located in the Radio Christmas studio.

3. Personal safety

- 3.1 Staff or volunteers who are working on their own should not allow access to casual visitors who have no appointment.
- 3.2 All windows and entry doors will be lockable.
- 3.3 Station Managers should inform the office who they wish to be contacted in the event of an emergency giving contact details.
- 3.4 Staff & volunteers who carry money for Radio Christmas have the right to be accompanied by another person.
- 3.5 Visits to the bank should not be at a regular time.
- 3.6 Staff & volunteers should not put themselves at risk on account of Radio Christmas's property.
- 3.7 All incidents of aggression or violence and any threat to personal safety should be reported to the Health and Safety Officer and recorded in the accident book.
- 3.8 Staff should be vigilant with regards to terrorist incident warnings – e.g. unattended bags.

4. Stress management

- 4.1 Stress at work is a serious issue: workers can suffer severe medical problems, which can result in under-performance at work, and cause major disruptions to the organisation.

The responsibility for reducing stress at work lies both with employer, employee and volunteers. Employees & volunteers should become aware of the causes of stress, and ensure that they do not work in a way which could cause them to suffer an increase in stress, nor cause an increase in stress on others.

If an employee is suffering from stress at work, they should discuss this with the Station Manager or the Health and Safety Officer at the first opportunity. Where practicable and reasonable, Radio Christmas will seek to provide assistance to the employee. Radio Christmas will do all it can to eradicate problems relating to stress at work.

This policy was reviewed on the 15th of October 2025 and will be reviewed again in November 2026.
